marine atlas of the hawaiian islands complete charts for mariners cruising the waters in and around kauai ntiiau oahu molokai lanai maui kahoolawe Marine habitats are habitats that support marine life. Marine life depends in some way on the saltwater that is in the sea (the term marine comes from the Latin mare, meaning sea or ocean). A habitat is an ecological or environmental area inhabited by one or more living species. The marine environment supports many kinds of these habitats. . Marine habitats can be divided into coastal and open ...
