Marine Biology By Peter Castro - contrapapeltextcoco.com

marine biology peter castro Community Reviews. Castro's Marine biology is a lovely introductory book on the subject. Biology is a descriptive science, and this book is equally descriptive - although it's a textbook, it flows smoothly as a novel. It's liberally peppered with illustrations and photos, which makes for a great reading experience.

Marine Biology by Peter Castro - Goodreads

marine biology peter castro Summary. Marine Biology covers the basics of marine biology with a global approach, using examples from numerous regions and ecosystems worldwide. This introductory, one-semester text is designed for non-majors. Authors Castro and Huber have made a special effort to include solid basic science content needed in a general education course,...

Marine Biology 10th edition (9780078023064) - Textbooks.com

marine biology peter castro Marine Biology. Authors Castro and Huber have made a special effort to include solid basic science content needed in a general education course, including the fundamental principles of biology, the physical sciences, and the scientific method. This science coverage is integrated with a stimulating, up-to-date overview of marine biology.
